

Dead and Gone - Reckless Ones

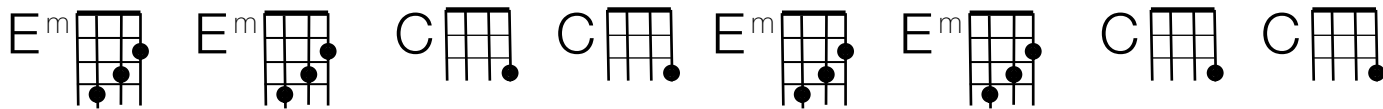

intro- slow

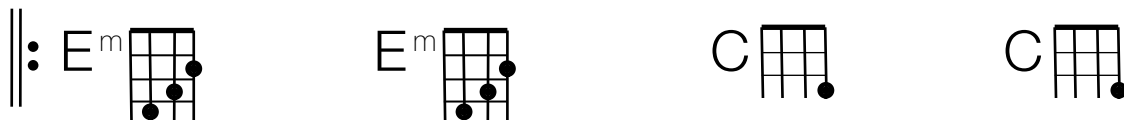

intro- fast

intro-solo

verses

Ridin' alone on this desert night and I'm fighting for my life
 Skies burn red, all systems fail, just as fast as they turn to ash

Can't send my love to the only girl that would make this hell all right
 Remember kissin' you goodbye, little girl, but I didn't think it'd be the last

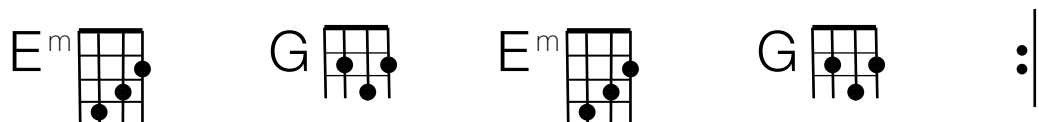

Chorus

Everything that I knew and loved well it's gone

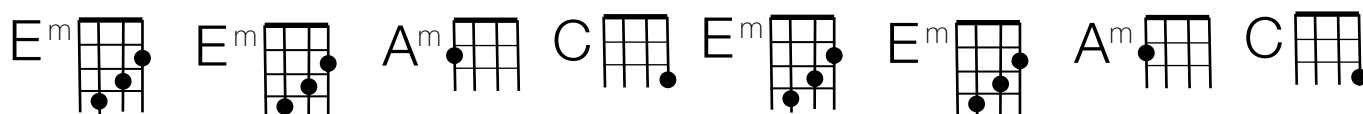

Everyone that I knew and loved, yes they're gone, dead and gone
