

Demon Kitty Rag

[Verses]

||: D^m B^b A D^m
 Here kitty, kitty. There's too much demon blood in these self-appointed angels
Get them while they're younger, yeah, someone told me that, but man I never saw it comin'

D^m B^b A D^m
 Acting like you're comatose. Speaking like a country rose or a preacher's pet in drag
Gonna let myself go soon, Man, I'm gonna tear it down, and maybe take my kitty with me

D^m B^b A D^m
 Banging on a kettledrum won't make you notice me, though you're bored beyond belief
Girl you need some discipline, girl you need some medicine, even though my heart is breaking

D^m B^b
 Suckin' on my thumb. Man, it makes me feel so numb
Never gonna straight you up. Oh my god, what's wrong with me

Gonna teach you how to how to make it feel good
Can't seem to teach you how to make it feel good

[Chorus]

C / G / | D^m / / / | C / G / | D^m

I'll be your nightmare mirror, do what you do to me

↓ ↓ | D^m / / / | ↓ ↓ |

C / G / | D^m / / / | B^b / A / |

I'll be your nightmare mirror, colder than a steel blade
