

I'm Gonna Haunt You

[Intro riff *]

[Verse]

[riff **]

I'm gonna haunt you ...

haunt you till your dying day

I'm going to haunt you ...

no matter where you try and hide

[riff **]

I'm going to make you ...

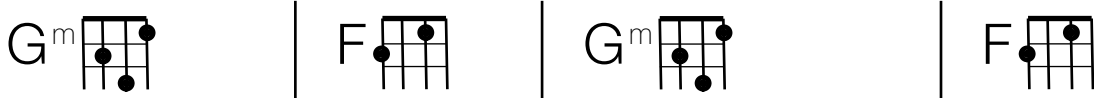

wish you'd never gone a- way.

I'm

No one will want you ...

never keep you satis- fied.

So

there beside you everyday,

through the night time too, and you

softly I'll re- mind you, of the ways you let me

down, and you

[riff ***]

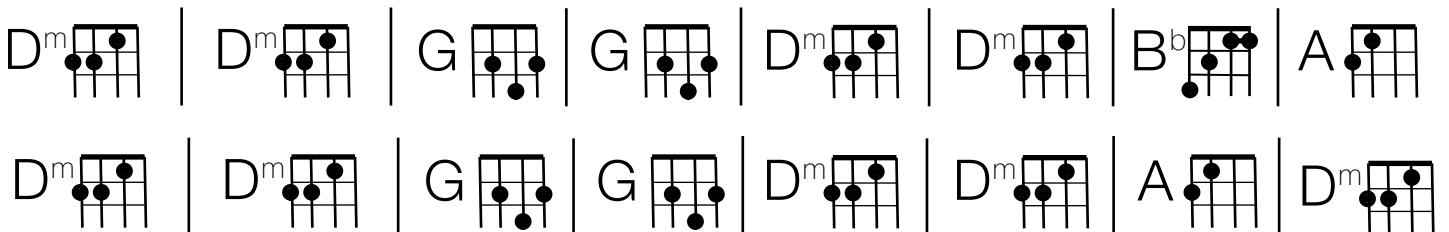

can't get away,

no you

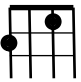

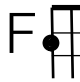

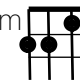

can't get away
