

# These boots are made for walking - Rockabilly

[Riff]

[Verses]

You keep saying you've got something for me  
 You keep lying, when you oughta be truthin'  
 You keep playin, when you shouldn't be playin'.

Something you call love, but con-fess  
 You keep losin' when you oughta not bet  
 You keep thinkin' that you'll never get burned

You keep messin, where you shouldn't've been messin'. Now  
 You keep samini' when you oughta be changin'. What's  
 I just found me a brand new box of matches. And

someone else is gettin' all your best. These ...  
 right is right but you aint been right yet  
 what he knows you aint had time to learn

[Chorus]

boots were made for walking, and that's just what they'll do.

One of these days these boots are gonna walk all over you
