I will come to you at night time
I dreamed of you at night time

I will raise you from your sleep
and I watched you in your sleep

I will kiss you in four places
I met you in high places

as I go running along your street
I touched your head and touched your feet

T A B

I will squeeze the life out of you
So if you disappear out of view

you will make me laugh and make me cry
you know I will never say goodbye

And though I try to forget it

you will make me call your name I'll shout it to the blue summer
